## **MEMBER SPOTLIGHTS – Teray Johnson, MBA**

**Faith Needleman, Teray Johnson, Dr. Thompson Boyd**

I've been part of HLNDV's Member Services and Diversity and Inclusion committees for over two years, since after shortly joining HLNDV, and my experience on the committee has been very rewarding. I've created new relationships with those who work across healthcare, from hospitals to accountable care organizations. Collaborating with them on different projects has expanded my professional skills, especially my leadership and communication skills. I'm excited to continue to work on projects with the committee that will impact HLNDV for years to come.

### **Volunteer Appreciation Dinner**

On November 14, I had the pleasure of attending HLNDV's first annual volunteer appreciation dinner. Not only did I finally meet volunteers on the Member Services committee in-person, but I also met other HLNDV volunteers. We talked about anything and everything, from where we work to our hometowns. We shared great laughs and enjoyed one another's company. I'm happy to be a part of a diverse, hard-working set of individuals who have a variety of skills that we bring to not only our own organizations, but also HLNDV. I'm looking forward to next year's volunteer appreciation dinner.

## MEMBER SPOTLIGHTS – Cait Allen, MPH

Welcome Cait Allen, MPH, new HLNDV member and volunteer on the communications team! Cait's the director of engagement for the @PatientSafetyAuthority—an independent state agency that oversees patient safety for Pennsylvania. In her role, she manages the Authority's public-facing efforts, including social media, a peer-reviewed quarterly journal, and awareness campaigns tailored to patients and clinicians. #volunteer #patientsafety
