of the Delaware Valley

PROGRAM HIGHLIGHTS

2019 HLNDV & DVHIMSS Annual Holiday Networking Event

Our holiday event was a sold-out success, continuing the tradition of bringing DVHIMSS and HLNDV together for an end-of-year celebration that includes some networking, ideas for reflection from a local speaker, and the chance to support a charity together. Tarun Kapoor, MD, President, Virtua Physician Partners, presented on a “Successful Mindset for Complex Times”, noting the need to create space and prioritize your own needs and development in the face of increasing complexity across healthcare (and more broadly in other facets of our lives). Dr. Kapoor shared personal anecdotes to the group and how this is important in this ever changing healthcare climate. There was also the opportunity for those who wished to donate to Read2Dream via <https://read2dream.org/donate.html> promoting reading with families in Chester County.

HLNDV Annual Meeting

On October 3, 2019, HLNDV held their Annual Meeting at KPMG in Philadelphia. The event was well attended and enjoyed by all. This year our award winners for service to ACHE were:

Service Award Winners

John J. Lynch, III, FACHE, Exemplary Service Award

Faith Needleman, Distinguished Service Award

Joel A. Port, FACHE, Service Award

Todd Sagin, MD, JD, Service Award

April M. Taylor, Service Award

Sachit Verma, MD, MBA, Service Award

Special recognition for exemplary service was given to

Lola A. Osawe, DHA, FACMPE, FACHE with the **Administrative Achievement Award**

Keynote Presentation

“Bringing It All Together: The Trinity Health Mid-Atlantic Journey”

Jim Woodward, President & CEO

Trinity Health Med-Atlantic

HLNDV Volunteer Appreciation Dinner

Healthcare Leadership Network of the Delaware Valley (HLNDV) wanted to express gratitude to our chapter volunteers for their time, energy and support of our local American College of Health Executives Chapter (ACHE). HLNDV held their first volunteer appreciation night on November 14, 2019. The event was held at Bar Amis at the Philadelphia Navy Yard. Approximately 25 board and volunteer members attended for networking and dinner. We discussed ways to enhance volunteer efforts and engage more members on committees and at events. It was an enjoyable time. We welcome suggestions from all members and volunteers on ways to enhance the HLNDV experience. We have a committee listing on our website for your review at <http://hlndv.ache.org/about-us/committees/>.

If you are interested in getting involved, please contact our volunteer coordinator at volunteer@hlndv.achechapter.org

Early Careerists Learn about Job Searching Skills at 2019 Fall Event

Thirty-two early careerists learned about three critical job search skills - networking, resume writing, and interviewing - at the Fall Early Careerist Event, held at Jefferson Health on October 15, 2019.

Four panelists, including three recruiting professionals and one recent job search candidate, shared their experiences and provided useful tips. They then rotated from one table to another, facilitating small group discussions and answering participant questions. The fall event is the Early Careerist Sub-Committee's main event every year. Early careerists value the event for the skills it teaches and the networking opportunities it imparts. Prior events have focused on business etiquette, mock interviewing, and career paths.

Thank you to our panelists listed below for sharing their wisdom with participants and to our planning committee for making the event come to life.

We look forward to seeing you in 2020 for another year of early careerist events.

Panelists

- Joe Cassidy, VP-HR, Holy Redeemer Health System
- Michele Miron, MBA, SPHR, SHRM-SCP, Vice President, Talent Acquisition, Jefferson Health
- Ellen Nassberg, FACHE, Consultant/Recruiter
- Jodi Hartlep, FACHE, MBA, MHA, Director, BAYADA Home Health Care and Recent Job Search Candidate

Philadelphia O2 Breathe Walk - supporting members of the community with pulmonary hypertension.

The event took place at the Head house district in Philadelphia. HLNDV members supported association by setting up for the event, directing walkers during the ½ mile and 1 mile routes, and cleaning up post event. The Pulmonary Hypertension Association expressed their extreme gratitude with the number and caliber of volunteers that came out to support the event. We had 11 volunteers that dedicated their time to support our community.
